Ghetto blasters, phony jewels  
Cathedrals, castles, makin' up rules  
Trashy novels and leather gloves  
This is a list of the things and I love

I am the girl of 100 lists  
From what shall I wear to who I have kissed  
Check items off, let nothing be missed  
Sing I to myself and my 100 lists

Pick up your laundry, doctor's at ten  
We're out of toothpaste, rehearsal again  
Stop by the bank and cash my pay  
These are the things I must get done today

I am the girl of 100 lists  
From what shall I wear to who I have kissed  
Check items off, let nothing be missed  
Sing I to myself and my 100 lists

Ricky and Danny and Terry and Jim  
Dean lasted six months, don't forget him  
Perhaps some day this list will end  
Till then I tally my gentlemen friends

I am the girl of 100 lists  
From what shall I wear to who I have kissed  
Check items off, let nothing be missed  
Sing I to myself and my 100 lists

I am the girl of 100 lists  
From what shall I wear to who I have kissed  
Check items off, let nothing be missed  
Sing I to myself and my 100 lists

I to myself and my 100 lists  
Sing I to myself and my 100 lists
