I can hardly stand the thought of leavin' again
Can barely write the words, I'm shakin' the pen
We'll be together but who knows when
We gotta hold on, hold on

I'm burnin', burnin' inside
You're outta my sight, I'm outta my mind
We never bargained or planned on this
We gotta hold on, hold on

I'm with you, hold me in your mind
Keep the fire strong
Without you not really apart
Our love goes on and on

When we're together we pretend
That we can take the time 'cause it'll never end
It was so easy when love began
We gotta hold on, hold on

Now I'm off, another city in sight
And I remember each and every night
When I could touch you, it felt so right
That's why I hold on, hold on

I'm with you, hold me in your mind
Keep the fire strong
Without you not really apart
If our love goes on and on

I'm with you, keep me on your mind
Relive each memory
I'm waitin', no matter how long
Until you're holdin' me, me

I'm burnin', burnin' inside
You're outta my sight, I'm outta my mind
We never bargained or planned on this
We gotta hold on, hold on

I'm with you, hold me in your mind
You keep the fire strong

Without you not really apart
If our love goes on and on

I'm with you, keep me on your mind
Relive each memory
I'm waitin', no matter how long
Until you're holdin' me, until you're holdin' me
