This is the place for celebrating
This is the crowd that's fascinating
This is the time for concentrating
To hear some words worth translating

He's rapping 'bout his meditating
She's dying for some medicating
And though I shouldn't be complaining
What's lacking here is entertaining

We're all looking for a good time
But what we get is empty rhyme
When everything's right but nothing's fine
It's everything but partytime

Talk about redecorating
A room that needs sophisticating
When conversations become straining
No one's good at interest feigning

We're all looking for a good time
But what we get is empty rhyme
When everything's right but nothing's fine
It's everything but partytime

We're all looking for a good time
But what we get is empty rhyme
When everything's right but nothing's fine
It's everything but partytime

We're all looking for a good time
But what we get is empty rhyme
When everything's right but nothing's fine
It's everything but partytime

It's everything but partytime
It's everything but partytime
It's everything but partytime
