The street lights are shining bright tonite
The billboards are shedding their light tonite
My crowds are hanging around tonite

There's a charge in the air tonite
It's kind of electric out there tonite
And we're all out on the town
Action gonna track it down
Gonna turn some heads tonite

There's nothing, there's no one
To stand in our way
Get dressed up and messed up
Blow our cares away

Our mind's set on seeing
This night through 'til day
We rule the streets tonite
Until the morning

The boulevard is crowded and loud tonite
It's time for excitement right now tonite
There's no better world to be found
If there was we'd give it all
For a lifetime like tonite

There's nothing, there's no one
To stand in our way
Get dressed up and messed up
Blow our cares away

Our mind's set on seeing
This night through 'til day
We rule the streets tonite
Until the morning

There's nothing, there's no one
To stand in our way
Get dressed up and messed up
Blow our cares away

Our mind's set on seeing

This night through 'til day
We rule the streets tonite
Until the morning light
