I just went to bathroom  
And when I wanted to wipe my ass  
I realized that toilet paper  
Was stuck in my ass

If I want to take it out  
With my hands it will smell like shit  
But if I try with something else  
I might injure my ass

So please what should I do?  
Has anyone experience  
With this situation too?

P.S.: the girl with paper in her ass

Heston's an asshole  
Pumping up the shotgun  
Heston's an asshole  
American dream  
I never had this thing for supreme

Charlton's a butthole  
Blah blah la-la-la-la  
I never had this thing for supreme

Get out of my face!  
Back to the planet of apes  
I never had this thing for supreme

Say goodbye so long  
And stay where you belong  
Cause I never had this thing for supreme  
I never had this thing for supreme

I never had this thing for supreme  
I never had this thing for supreme
