"Somebody Kill Me"

you don't know how much I need you
while your near me I don't feel blue
And when we kiss I know you feel it to.
But it all was bullshit, it was a goddamn joke,
and when i think of you and that guy I hope you fucking
choke

I hope your glad with what you've done to me
I lay in bed every night feeling melancholy
you left me here all alone tears running constantly

Oh somebody kill me,
Somebody kill me,
I'm on my knees, pretty pretty please,
kill me,
I want to die,
Put a bullet in my head.
