I've been waiting all my life  
For someone to get it right  
My heart is empty, what a pity  
Why can't I find what I like?

I wanna shake, shake it up, up  
And find, find something new  
And I ain't talkin' heavy-hittin' city-slickin'  
Aha, that will never do

If you ever really bothered  
To listen to me  
If you ask me what I want  
I tell you what I need

I need a white trash country boy  
Who ain't afraid to make some noise  
Redneck, what the heck  
Hillbilly! You bet!

Oh lordy tell me what's a girl to do  
I'm gunnin' for the real McCoy  
I'm gonna get me  
A white trash country boy

I used to love a man in a suit and a tie  
Yeah, but then I went and wised up  
I told him goodbye

I need a man, man, who, knows, knows  
Something about women, huh  
Give up that nine to five, get rich, day dream  
And see what you've been missing

If you ever really bothered  
To listen to me  
If you ask me what I want  
I tell you what I need

I need a white trash country boy  
Who ain't afraid to make some noise

Redneck, what the heck  
Hillbilly! You bet!

Oh lordy tell me what's a girl to do  
I'm gunnin' for the real McCoy  
I'm gonna get me  
A white trash country boy

White trash... country boy  
I need a white trash country boy

He loves the backwoods, loves a truck  
Racin' in the Georgia mud  
Loves the creek, loves the trees  
Most of all he's lovin' me

Country lovin' that's the deal  
Country livin' that's for real  
Come on ladies bring your boys  
Let's hear it for the

White trash country boy  
Who ain't afraid to make some noise  
Redneck, what the heck

Oh lordy tell me what's a girl to do  
I'm gunnin' for the real McCoy  
I'm gonna get me  
A white trash country boy

White trash... country boy  
I need a white trash country boy
