We doing this our way

[Iman Thug]

Call me the black machine gun jack megern

Touching my good making sure the bastards learn

Smash the burn

No time for fronting its nothing

Gets yours while I get mine not nothing

We flows with the ratical

Tongue mathematical

Cut niggas bent up shit with dirty attitudes

That's the way the world go round and round

Henny, bud on our dome like pound for pound

Peep the grimist

We high profile locist

Thugged out 41st side smokers

Now who you know

Get down like us

Gats bust empty out rounds that gust

Can't stand overpaid ass

Fronting ass bitch

Kicking to my niggas like they don't want dick

Dirting in the club

While her man couple of a drinks

All my niggas in the V.I.P. doing our thing

Chorus (1x)

[Noreaga]

Yo money bust snaps for pocket  
And I don't dance  
I get head  
And I don't even iron my pants  
I got a dead steel  
Yall niggas ran with your legs still  
I'll make you lose calories without the treadmill  
From New York but still I been hating the knicks  
And fuck Jordan but still I be rocking his kicks  
My nigga Nas told me  
Take your hoe to the flicks  
And if she don't give you brain then you dodge the  
bitch  
We from Queens  
The dro is like hard to get  
We got to travel up to Harlem where its hot as shit  
Yo its Melvin the african godfather  
So yo god bother  
You wanna taste the revolver  
I dead dun  
I shot toe then run  
Now stay motherfucker give head to the gun  
Stay on son  
Itchy bon like number one  
It's the QB album that us bless this dun

Chorus (1x)

[Capone]

I stand on the block  
Fully baked hand on my cock  
Old heads flirting saying I resemble my pops  
I put work in  
I'm the street in the sickest version  
No crowd niggas collect my person to person  
I buck right if my left hurting  
I'm double jointed  
Ducking the cops they stay searching  
The elevators ain't working the steps too pissy  
Thoro bread god son rep the bridge with me  
I pull up in the S50 plus five  
Let the thugs fly  
Now everybody tough guys  
Its murder in these blood eyes  
Like I ain't got shit to live for  
Fuck a thugs cry nigga shoot that's why god put em

I been on the booze hit a buck on the highway  
Been in my shoes  
I'm thuggin rich make my own rules  
Its time glory and pain I'm still with kane  
I got O's dog for six fifties remember the name

Chorus (1x)
