The believer you claim to be,
Seems more to me like make believe,
You've left your home and family,
Now you're left with uncertainty.

You're left with uncertainty,
You're left with uncertainty,
You're left with uncertainty,
You're left with uncertainty.

The believer you claim to be,
Seems more to me like make believe,
You've gone as far as you can go,
With no more maps and no more roads.

No more maps and no more roads,
No more maps and no more roads,
No more maps and no more roads,
No more maps and no more roads,
No more maps and no more roads,
No more maps and no more roads,
No more maps and no more roads,
No more maps and NO! MORE! ROADS!

You're left with uncertainty,
You're left with uncertainty,
You're left with uncertainty,
You're left with uncertainty,
You're left with uncertainty,
You're left with uncertainty,
You're left with uncertainty,
You're left with, YOU'RE LEFT WITH!

Ha! No! More! Roads!

Ah Ahhhhh,
Ah Ahhhhh.
