La la la la la la la la la  
Ooh

It's going to take a lot of love  
To change the way things are  
It's going to take a lot of love  
Or we won't get too far  
So if you look in my direction  
And we don't see eye to eye  
My heart needs protection, and so do I  
It's going to take a lot of love  
To get us through the night  
It's going to take a lot of love  
For things to turn out right  
So if you are there  
I hope you show up soon  
Because my head needs relating, not solitude

Got a lot of love  
Got a lot of love  
La la la la la la la la la  
Ooh

It's going to take a lot of love  
To change the way things are  
It's going to take a lot of love  
Or we won't get too far  
It's going to take a lot of love  
It's going to take a lot of love  
It's going to take a lot of love
