Chorus

Let's go get em' let's go get em'

Let's go get em' let's go get em' dawg x2

[Kane & Abel]

My click is killers

In the line of fire in a pack of stuff affiliated mob
figures

Down with mortal combat camouflage soldier rags 44
mag

And you wants to die when we ship bags and hold tags

We rolling up and we holding up

Boot up or shoot up and get that jaw swollen up

Killer please give me some gangsta shit know the click
cock it back

Kane & Abel bout that combat bitch

[Soulja Slim]

Go get em' with split em' don't bullshit em'

Hit em' with a round now the tank split em' split em'

Don't let a nigga catch you slipping we camouflage

Killer connection committed armed surprise

Duck and die for the buster but I'm straight as a crease

Heat seek don't sleep when my trigger finger tweak

Bloody bodies in the streets somebody call brand nino

Cause seeing dead gifts make my day card

[Mac]

Now what y'all know about Mac cause I'm murder
murder

Flip em' like Burger King workers be flipping burgers

And I'm finger fucking till them niggas bust back

With the hollows it's been more dead then the others
around follow

Now bite the bullet and swallow

I was tattooed with a broken wine bottle

Never die that's been my motto since 14 lottos

Got to get em' before they get em' cause if they hit me
I'm gone

Skinny niggas don't love long with a bullet in their
bones

Chorus x2

[Big Ed]

Now when I say Big Ed you say assassin Big Ed
assassin
What's up what's happening
I keep my trigger finger blasted tank ready to roll
Picking up soldiers from rich now bringing them to the
N.O.
Nigga I'm bout mine I got nines wiser up
Swolled up tagged up tagged up not giving a fuck
Nigga I'm wit' it to bring the ruckus
Busting if you touch this a No Limit soldier still got
more dick than
busters

[Fiend]

It's a disaster blast em' specialization retaliation
Fuck who I'm facing boy bring the caroltation
Consultation begins to happen when I'm rapping
We gon' see who really asking when my hammer gets
to smacking
Attacking and lacking my every vocal creates a
checking
I should have been got that high control before lyrical
seconds
I'm the insider probably the baddest
Greens cornbread and cabbage
Mr. watch me hit em' lit em' about to go get em'

[Mia X]

Here comes the biggest mamma baby what you wanna
do
Tank full of riders military minded soldiers
Hitting you with that hater ain't gon' get up now mo' for
sho'
Combat where they at alright alright lets go
Now you gon' start it when your click is weak
When it's on we gon' give that ass a chance to retreat
Verbal heart but we could take it to the streets
Get em' up pull the thangs shoot em' up see yo people
root em' up
What what run on up and as a matter of fact
Watch me put that ass down like a flag
Call the colonel yeah cause we some warriors
Dropping and stopping hollering lets go get em' nigga
fuck we got em'

[Mystikal]

When it's gon' go down it's gon' go down

What's gon' happen gon' happen
Cause y'all know these T.R.U. niggas capping and
slapping
We packing and macking
Y'all niggas be slacking and lacking
We smacking and stacking
Uh oh we blasted and laughing
Where my fucking money at is what we be asking
Busting on backstabbers is how we be acting
If I catch you ass down is one way to put it
When we get it's gon' be banned from TV footage

Chorus x1
