"Choke Yourself"

Good-bye, good riddance, I'll scrape you off my shoe
I once knew a maggot know-it-all like you
The feelings mutual, I'd like to see you die
Like a fucking funeral, I'm gonna make you cry

Tie the noose around your neck
Hang it from a tree
I love your broken neck
Choke yourself for me!!!

Scream, Scream, Scream baby no-one will come and
help
You know I love you more than I can love myself
You are so beautiful it makes me wanna cry
It is so wonderful to know your gonna die
