Take 'em out back, give them the ax  
Wanna be sure ain't no comin' back  
Just one thing the world will find  
I'm Dr. Jekyll and Mr. Hyde

Pour me some wine, so I feel fine  
Formula 44, slam my head in a door  
Just one thing, the world will find  
Oh god, it's changing time!

He's stalking you! I'm killing you!  
He's beating you! I'm eating you!.....Yeah!!!

I'm under the stairs, waiting on you  
Teaching my classes at a medical school  
Dr. Jekyll wipe off that smile  
The world knows you're Mr. Hyde

It's pouring rain on 43rd and Sixth  
Bloody knives and funeral licks  
Killing-Stalking, the world will find  
I'm Dr. Jekyll and Mr. Hyde
