"La Mer"

Ancient unknown mammals
On a stormy sea
Like Buddha in the water
A velvet energy

As the night takes over
The spirits of the deep
Marvel at his majesty
The whale is in his sleep

Oh, la mer
You're shimmering through
Oh, la mer
Magnificent blue

Shimmering through the water
In search of sanctuary
Currents travel faster
In alien territory

Dancing in the distance
In a puff of spray
In a single moment

The dolphin glides away

Oh, la mer
You're shimmering through
Oh, la mer
Magnificent blue
