Little brother's got a habit
That he thinks he's getting under control
And he's selling all our love and best wishes as the
hunger grows
Living by the scripture on the subway walls
He wants to be a rebel but he can't find a cause

He needs something to believe in
He needs something to believe in
All he ever wanted was to get away

Little sister's getting serious with a fella nearly twice
her age
And she's aiming to move in with him
As soon as they can find a place
But there's no getting through to her, there's no other
way
You can't learn from mistakes that somebody else
made

She needs something to believe in
She needs something to believe in
All she ever wanted was to get away

Caught in the void of no hope and no choice
It's a nobody-wins situation
What can they do- it's a catch-22
It's a breakdown to communications

Little wonder they're confused, no wonder we
misunderstood
Little wonder there's a wind of change blowing through
the land
Nobody's guilty...it's a sign of the times
But we won't see the future till we open our eyes
