Took a walk today
Through these grey and dirty streets
Thinking of you, missing you
And hoping that we'd meet
I didn't tell my legs where to go
I just walked out to the dock
Sat on the edge, fighting a shiver
Telling everything I hurt inside

And the river cried 'cause I lost your love
The river cried aaahhh
The river cried for my lonely soul, the river cried
You were the only one who really knew me
You were the only one in whom I confide
And hearing this the river cried

I say myself today
Through these grey and dirty streets
Did you have to leave this town
Or did you just have to leave me
All these questions in my mind
I didn't see the sign
The river keeps flowin'
I can't keep goin'
Waiting for you to return, my pride

And the river cried 'cause I lost your love
The river cried aaahhh
The river cried for my lonely soul, the river cried
You were the only one who really knew me
You were the only one in whom I confide
And hearing this the river cried
