Eyes were glancing
Hopes set high
But just another day went by
Tears were falling
Like never before
Still she's staring at the door
Broken promise
Will you understand
My heart is in your little hand

I hear you call my name

Always you'll be
Blood and soul part of me
The second element

I am longing for you

Always you'll see
That you reflect on me
My second element

Are you missing me, too?

Time keeps moving
She's in so deep

And she cries herself to sleep
Angels dancing
To the night
And she cuddles up real tight
Children's laughter
Sunny day
Never more I go away

Just like an endless dream

Always you'll be
Blood and soul part of me
The second element

I am longing for you

Always you'll see
That you reflect on me
My second element

Are you missing me, too?
