Check it out, the realness
Yeah, yeah
The foundation, B&B kid, 183rd

Yo, yo, my mind rate metallurgy like a nigga upstate
That's pushing mad years of crazy weight
I penetrate the shit that you love to hate
Time to meet your fate no time to negotiate

I meditate in my room, holdin' on map
Hopin' that a revolution is comin' soon
The smoke consumes my brothers holdin' grudges
Walkin' in courts I and throw [unverified] at the judges

And my cousin is on the run from '89
The pigs came to my crib and said they found a bloody
nine
With your fingerprints on the evidence
Fuck that let's go to the roof and bust off the macs

I want a Lex and clean sex
And every apartment furnishin' the whole projects
I don't regret becomin' a MC
My only regret the real Ghetto Child memory

My man Lil' Dap, comes equipped
Mobb Deep Shook Ones part 2
Yeah, Nut Cracker, yo, comes equipped
Yeah, Brainsick Mob, comes equipped
A Mob, yo, comes equipped

Yo, I've been brakin' you brothers just to reach the top
Can't stop hip hop runnin' through these veins
East New York style one love to the streets
Beatin' down all these rappers like cooks upon the
beat

Chicks like my T L C 'cause they like the way I Creep
When your man leave home I rock that ass to sleep
It's a New York thing mad love from Brainsick
When we're walking through the ghetto and we're
poppin' some shit

I'm on my way goin' home drinkin' a Heineken
Back to the destination where it all begin
'Get these motherfuckers off before I brake them in
And for you fish ass niggas we're not havin' it

Yo, Nut, you know the feelin' when things ain't right
When these non fiction niggas start to rap on the mic
I keep shit to myself and keep it real with the game
Fake niggas hang around but they get no fame, check
it out, uh

The realness

Let me show you what the fucks goin' on in this so
called game
I'll leave you dead the only thing you feel is the pain
From the man collectin' elevatin' his stacks
My name is Black if you front get your wig pushed back

I speak the truth plus I keep it sharf for my fam
Like Conan choppin' niggas up on this jam
The beat is cook so stupid niggas open your eyes
I'm on the rise check it Brainsick Enterprise

I keep it movin' and can't shit hold me back
I'm on your map I bet you didn't even know that
Slow your role ease back up don't play bold
'Cause if you see me black the star I got total control

Comin' through with the Sick, yeah, we click, click, click
Me and my partner Jack the Ripper, yeah, we on some
shit
And I know you can't hang so don't ride my dick
'Cause I comes equipped with that Brainsick shit

I go deep into my mind and then I starts to flip
Blowin' up ain't shit watch your bitch get hit
From the brainstorm so let it storm let it storm
When my lyrics digest and rip through your fuckin'
chest

So while you sweatin', I be wreckin' plus I can't be
stopped
I wanna rule hip hop an blow a hole in the chart
Keep it movin' 'cause you know, Jack do it right
Flippin' mic after mic then I call it the night

So what's my destination? Yo, to make it not fake it
Livin' in this fuckin' world is like total domination
To all my niggas in the east yo Ray rest in peace

Make your heart skip a bet because my sound is unique

No hesitation because your ass will get hit
So I will take yours and I will take his
Now you niggas now what the fuck the real is
