if i could just paint you a picture  
of the two of us  
sitting on a park bench in Philadelphia with you hands  
in mine  
as strangers walked by  
i looked you in the eyes  
and told you just how i feel & i knew

that you were worth the wait, i've waited too long  
and now it's too late

i won't forget you, you were once my love  
hope you don't forget the two of us 2X

let me ask a question  
i need some answering  
have you been emptied of every little thing that you felt  
for me?  
deep inside you're moving on, you're moving on  
you said your goodbyes

& i knew that you were worth the wait,  
i've waited too long  
and now it's too late

i won't forget you, you were once my love  
hope you don't forget the two of us 2X

i've been drawn in color, i've been drawn to you like a  
long time lover 3X

& i knew that you were worth the wait,  
i've waited too long  
and now it's too late

i won't forget you, you were once my love  
hope you don't forget the two of us 2X

Do you remember when we first met?  
Do you remember when we first kissed?  
remember when you told me that you'll always love me,

you will never forget,  
you will never forget me

i won't forget you, you were once my love  
hope you don't forget the two of us

hope you don't forget the two of us
