[Verse:]

So here we go
Off to find ourselves
To never be found again

So here we go
Full circle in life
Don't even know where we have been

Who can we blame
When we do it to ourselves?

This life we make
Why throw it all away?

[Chorus:]

We gave up all we wanted
We gave up all we had
Can we live this lie? Just let it die?
And hope tomorrow's not so bad

Take a chance on what might happen
Take a chance on what's ahead
The future comes for everyone
(Now say, So here we go)
Set some goals before you're dead

[Verse:]

So here we go
We want everything
With nothing left to show

So here we go
If we don't try now
Well then I guess we'll never know

Who can we blame
When we do it to ourselves?

This life we make
Why throw it all away?

[Bridge:]

We can't be certain on anything

Too afraid to see what our choices would bring

No stone to carve, no mold to break

Started thinking our lives are not ours to make
