There was a guy making a plan  
Find a girl and she'd understand  
He'd say, "Please don't worry"

And this one was right and that was the thing  
Closing your eyes and see wedding rings  
Well, there is no hurry

A day like today waiting for the wings to form  
They're waiting for clouds and storms  
And for safety

I said I will  
I ask you please lie still  
Your faith means everything

I will be anxious arms  
Beside myself and there is no one else  
Won't you be my answer then  
Won't you be my answer  
Say it again

The one thing that I protect  
Well don't you know, well don't you forget  
The sound of my voice

Hands down in the hold I brace  
Put your hands on your handsome face  
And lie when you say  
"You haven't got much but maybe today."

And it's all you won't become  
And it's everything you might have done  
My dear we're closing in fast on another year

I will be anxious arms  
Beside myself and there is no one else  
Won't you be my answer then  
Won't you be my answer  
I will be anxious arms  
Beside myself and there is no one else

Won't you be my answer then  
Won't you be my answer  
Say it again  
Say it again  
Say it again

So unsure until tonight  
Strong and pure and I know that it's right  
Today is our whole life

You give what you have and it's all that you've got  
You hope it's enough but you that it's not  
And you say, "Please don't worry."

You tear it apart and you count up the cost  
And your head swims it all gets lost  
And you say, "There is no hurry."
