Concentrate.
well dont you know
these are the days that leave you empty
they're leaving you cold.

And say to me
as we grow old,
"these are the days that last forever,
never let it go."

and i braved what i could.
and i stand where you stood.
and i never breathe a word.

I could pray
you'd never leave
this constant ache
i do not believe
reach down and
deliver it.

Swear to me
now ever since
i hold my side
Your not convinced
and im told it's
deliberate.

and i braved what i could.
and i stand where you stood.
well please watch,
please watch over me.

i thought this day would never come
your dealing with a sad one.
I stay away, im deaf and im dumb
and telling everyone oh god it's
priceless.

and i braved what i could.
and i stand where you stood.

well please watch,
please watch over me.

I stand. you stood.
and i swear i'll never breathe a word. (i swear it)
i'll never breathe a word. (i swear it)
