Dear misunderstood,
When you fight back
Does it feel good?
Did you manage to forget?
Because you tied the tourniquet
Forgive me if I'm gushing

You have no currency to pay
You have no influence to sway
Is there nothing that will steer you from this course?

I force your hand to write
List what you left behind
Did I force your hand to move like mine?

Will the damage be too much?
Did you ever get enough?
Does the damage make you dangerous?

No currency to pay
You have no influence to sway
Is there nothing that will steer you from this course?

And, dear, I fear you've killed the gift horse
Should we all fall to our knees
For you?

There's no detail that you sweat
There's no golden in the sunset
You're nothing if not fortunate

No currency to pay
You have no influence to sway
Is there nothing that will steer you from this course?

And, dear, I fear you've killed the gift horse
Should we all fall to our knees?

Is it everything you want?
Is it everything you need?
But it's more than you can stand

We finally bleed

Dear misunderstood,
Can you fight back
Does it feel good?
Should we all fall to our knees?
Is it everything you want?
Is it everything you need?

Should we all fall to our knees?
Was it more than you could stand
When we finally agreed?

You have no currency to pay
You have no influence to sway
And everything you had
You just gave it all away
Should we all fall to our knees
For you?
