If I have to leave where am I s'posed to go?
Surely if you kick me out then you should know
I promised that I weren't gonna get mad again
But I thought you were you said you were my friend

People say that it's a crying shame
Oh lord what a day, what a day!
But how can I complain
'Cause when I look across the world
They're livin' in so much more pain
So I go,

If you come around what do you expect me to say,
That I'm glad you spent your money on some shit
today?
Why do we pay the toll to cross that bridge,
Don't you think that money would be better spent on a
thousand starving kids?
So I go,

And there are wrong leaders leading human kind
'Cause they got no respect for human life
I know that they don't love you and they don't love me
They got enough love in their pockets, so you see? So
you see.
