I know we'll make this work
I know we'll find our place,
When all of our heroes are gone,
It's us who must keep up the pace.
Remember their sacrifice, no longer shall we fall,
The moment we realise there's no difference between
us at all.
UNITED is how we're gonna stand
Instead of fighting one another we go hold our hand in
hands
DIVIDED is all they want to see,
But you and I keep getting wiser and we ain't gonna let
that be.

CHORUS:

Ain't no use in giving up, keep on trying
DON'T LET GO
As long as you keep waiting, people deep on dying.
DON'T LET GO
What's the point in letting go? we cant do that now,
DON'T LET GO
You know the world it needs you still you turn your
back now.
DON'T LET GO

Saying it's hard enough
Moving on in here
With all of the things you've done,
To make us live in fear.
I feel like fighting you for all the shit you said,
I feel like fighting you down for making all that living
dead.
UNITED come and raise your voice,
If you chose to use your silence then you choose to
have no choice.
DIVIDED those lives are led by shame,
See the hopeless use division when there's no else to
blame.
HERE WE GO, HERE WE GO

[CHORUS X2]

What do you wanna see
When the future comes today?
Be who ya wanna be,
Don't go on and live life that way.
With all of the lessons learnt
From all who've gone before
They stood up for the cause, there's nothing more
worth fighting for!!!!!!!!!!!!!!
UNITED is how we're gonna stay
And though they'll try to separate us we ain't goin' out
that way!
DIVIDED no longer no more,
Because our strength will just get stronger if we never
ever let go!
HERE WE GO! HERE WE GO! HERE WE GO!..

DON'T LET GO- [repeat]
