EEEEYEAH, EEEEEYEAH, EEYEAH EH AY,
Do you think what the world needs is just some love
2day?
EEEEYEAH, EEEEEYEAH, EEYO O O,
The chance is if you feel it, you already know.
Yeh we're down here living, loving. Growing,
Learning to get free,
Keep it true, with my crew, is what I do.
Fire when I say it.
Peace now when I pray it.
For you, for you, keep it true.

EEEEYEAH, EEEEEYEAH, EEYEAH EH AY,
Are you waiting for your god to come and save the
day?
EEEEYEAH, EEEEEYEAH, EEYO O O,
Or are you taking action cause you want the world to
know,
That it's worth it, giving, working endless hours forcing
change.
No one knew, that was true, now they do.
Fire when I sing it!
Peace now when I'm praying it.
For you, for all you, me and you.

EEEEYEAH, EEEEEYEAH, EEYEAH EH AY,
Is there any point in fighting for a brighter day?
EEEEYEAH, EEEEEYEAH, EEYO O O,
If you don't give it try, well then you'll never know.
Because we cant just sit around and let them
Keep this world in pain.
That's not cool, tell me you, feel it too?
Freedom when I sing it.
Love now when I'm speaking it,
For all you, for all you, me and you.
Yeah,
Fire when I'm singing it.
Peace now when I'm praying it, and
Keep it true, keep it true, keep it true.
