[CHORUS]

Hey o, hey o, come lets join our hands 2nite!  
Hey o, hey o, we go stand up we go fight!  
Hey o, hey o, no more playin' no more games,  
Hey o, hey o, cause times they gonna change,  
Don't you want to fight?  
Against all that is wrong and for all that is right?  
I don't understand, how come man is killing man?  
No more time to waist,  
One and all gotta come and take responsibility,  
Every woman every man,  
We all got out place, so stand!

[CHORUS]

Don't ever forget,  
All the pain that is caused by the leaders of the world  
today.  
They do not regret,  
They would pull that shit again.  
Whats it gonna take,  
Before you and me can go living our lives free?  
So come lets save this day, no one else can take your  
place  
So say;

[CHORUS]

They're gunnin' and their waring,  
Sleazing and ignoring,  
Lying and their cheatin'  
Oh no no no.  
We catch them and defeat them,  
Now everyone can see them,  
Let everybody know!..  
Lets go!

Oh no, see them pull on me,  
Oh no,  
How they've come with their guns  
Now they're gonna have to run

Oh no, what you waiting for?  
Oh no,  
I now the time has come and the time is today!

[CHORUS X3]
