She was frozen  
her light would not see the day

I walked away  
you wanted it that way  
now, I watch the cars pass by at night  
things had to be that way  
sirens rage through the silent night  
things had to be that way

Oh I, who am I to seek  
who am I to seek  
Desire

Cold London morn'  
we fit tight in the storm

You seized the day  
it had to be that way  
never mind what's only a piece of my heart  
nothing could change that way  
you should have nailed me up to the sky  
there was a better way

Oh I, who was I to seek  
who was I to seek  
Desire  
Now, heaven's gone  
or heaven at least to me

my time is up  
it has to be that way  
these nights I walk the streets alone

it has to be that way  
now I watch the windows at night  
there is no other way,

Oh I, who am I to seek  
who am I to seek  
Desire

Oh I, Oh I,

who was I to seek

who was I to seek

Desire
