"Brand New Blues"

I tried on a brand new blues this morning,
Cause my old blues don't fit no more
I tried on a brand new blues,
Cause my old blues don't fit no more
I changed my way of living,
Ain't nothing like it was before

I got a new disposition
Got me a new routine
Got a new disposition
Got me a new routine
I got me a brand new washer
To keep my laundry clean, keep my laundry clean

- solos -

I bought me a brand new hatchet,
Cut down my weeping willow tree
I bought me a brand new hatchet,
Cut down my weeping willow tree
No more bending over backwards,
No more bitter tear for me

I ain't gonna be no playgirl,
Don't need no diamond ring
Ain't gonna be no playgirl,
Don't need no diamond ring
Just give me plenty room people
To try my brand new everything
Just give me plenty room
To try my brand new everything
