(Hook) Block McCloud When you're fallin' into this tomb  
It's like you're crawlin' into your tomb Deadliest of  
melodies, deadliest of melodies Once the wraths get a  
hold of your soul It's like you're trapped and there's no  
way to go Deadliest of melodies, deadliest of melodies  
[Jus Allah] I don't have the bot to care It's off; it's my  
cross to bear Lost the cross I use to wear I am cost to  
wear Partnership wit darkness, we're an awesome pair  
Soul position, wall facin' in office chair In the depths of  
hell, death for sale Where blood propels from the cells  
And every EL is extra L It's hot here; hear the sears  
from the drop tears It's an opera to the ears of gospel  
fears Hot careers grotesque slow deaths Here is where  
I am noblest and over sexed It's a whole mess of  
loneliest, no regrets Unholiness, corrosive mental roll  
of decks I know uncertainty, personally, murder  
uncourtesly, merciless Soul save haven, open up my  
swollen heart The whole greater then the sum of its  
broken part (Hook) Block McCloud [Vinnie Paz] I'm your  
worst nightmare, tho reversal of Christ here The only  
thing you're figurin' is a shadow and knife glare Me, I  
ain't the type of mothafucka to fight fam Pistol grip,  
pump chainsaw and a pipe here Y'all are pussy watered  
down like a light bare I don't run from it, I embrace it, I  
like fair Texas Chainsaw Massacre, I invite fare Call me  
leather face, mothafucka I'm right here Call me any  
other person that's an evil killer Pazienza punches  
pilots - call me Jesus killer Call me Richard Ramirez  
because he spilled venom I'm Mark David Chapman  
before he killed Lennon I will study on my lessons when  
the Earth is seedless You're like Judas Iscariot when he  
murdered Jesus The way my operation works is like a  
surgeon thesis I'll drink the period blood of a fuckin'  
virgin priestess (Hook) Block McCloud [Demoz]  
Maserati Mazi, it's the D E M O Z Nah homie you can't  
control me, I pop slowly Thinkin' you know me, slough  
Only niggas is starrin' hard like I'm lookin' familiar If  
you don't owe me I ain't lookin' to kill ya Still the smell's  
too funny, the plot thickens A lot of you die snitchin'  
Ligament's missin' and illiterate niggas die hissinn' Why  
would I wanna trade my soul for ya riches And noose

the devil I neva break the rules of the ghetto From  
borough to borough I rep the most thoroughest city  
Philly The livest, rhymes pay homage, cuz I'ma  
survivor, you lyin' Demoz, either you love me or hate  
me Hug me or snake me, lately I've been behavin' like I  
ain't got a baby Maybe it's the way my lady treats me,  
crazy, shady thoughts Run thru my head by the minute  
but still I play my part Peace to Arie, peace-n-peace Shit  
my piece of work is not peace or nothin' Frontin' if I'm  
bringin' peace to Earth (Hook) Block McCloud
