Many people living here on earth
Don't know what they believe
So they turn their hearts
To every new religion

But I am happy in my soul
For I know what I believe
The old, old story
Still is worth believing

Chorus:

'Cuz I believe that God looked down on earth and saw
the sins of man
And I believe his love compelled him to restore us back
to Him
I believe the Holy Spirit caused the virgin to conceive
I believe she had a baby boy and Jesus was his name
I believe that Jesus lived a perfect life in every way
Oh I believe that he was tempted on the mount for forty
days
I believe that He experienced the trials that we go
through
So that one day we can pray to him and he'd know what
to do
I believe they led him to a cross where he was lifted
high
I believe he took my sin upon himself and then he died
I believe he rose again and soon he's coming back for
me
I believe it, I believe it, I believe

Do you know what you believe
If someone were to ask
Are you grounded deep
Within the Bibles pages

Study, learn, read gods word
It is a simple task
You can change the world
If you know what you believe in
Just Say

Chorus

Oh i believe they led him to a cross where he was lifted
high

I believe he took my sins upon himself and then he
died

I believe he rose again and soon he's coming back for
me

I believe it, i believe it, i believe!!
