Selfdefense or murder of first degree.
Tell me who are you to pass judgement.
Raise my hand in anger,
a just cause, to pacify the aggressor at all cost.

So what is the law?
When all else fails, there's nothing left.
Given a choice.
Stand back or suffer the consequences.

Three times,
my fist came down.

So what is the law?
When all else fails, there's nothing left.
Given a choice.
Stand back or suffer the consequences right now.

[spoken]
I refuse to be victimized, or given your pathetic fucking
powertrip.
You're not looking to kill anyone, you just want to
display how big and
strong you are.
Well, check again motherfucker!
Do you think that you'll live forever?
I have no qualms about mortalizing your arse!
Check again motherfucker!
You're in the real world now.
So how does that feel for a change?
How does it feel to be the victim?
Victim..victim...victim

Twisted indifference,
Violence against violence.

Destroy resistance.
Violence against violence.

Selfdefense or murder at first degree.
Tell me who are you to pass judgement?

Cold reality, suffer the ultimate truth.
Die motherfucker!

So what is the law?
When all else fails, there's nothing left.
Given a choice.
Stand back or suffer the consequences right now.

Three times,
three times
my fist came down, down, down
