Sature the souls of a virgin land.
A nation on its knees by its own naive beliefs.
Feasting on the flesh of our starving whore.
Idly looking on as it bites once more.
Fallen sanctuary stripped off.
God, now worship dogs.
Where porno mags replaces the bible.
Who can save us now?
Self-inflicted madness.
Run in circles, come on catch your tail.
He's gone hunting, hunting for humans.
Our urban carnivore.
Stone! The one who speaks of justice.
Rape! The one who cries for freedom.
Exit the dreams of full remorse.
Enter the urban predator.
Exit the dreams of full remorse.
Enter the urban predator.
Still we want our shit to add up.
Just don't like what it adds up to.
Society's fading foes were first in line and last to know.
Concede the surplus killing.
Clear the table now roll the dice.
Pass the matches, join the feast.
Utopia in flames.
Time is the fire in which we burn.
Home, depraved and tainted from the life we lead.
Exit the dreams of full remorse.
Enter the urban predator.
Exit the dreams of full remorse.
Ravished by the urban predator.
Concede the surplus killing.
Clean the table now roll the dice.
Pass the matches, join the feast.
Utopia alight.

Exit the dreams of full remorse
Enter the urban predator
Exit the dreams of full remorse
Ravished by the urban predator
Exit the dreams of full remorse

Enter the urban predator
Enter the urban predator
