"Victim Iced"

Save me. I've served my time in hell.
Cleanse me. Release me from the pain.

Bludgeoned and battered. Tears trickle from your
mind.
Gaping wounds from the razor-sharp attack.

Something is pulling me down.
A final descent.

Victimized.
A trail of crimson from your eyes.
Eternal scourge.
I crucify your hope.

Violated - struggling in the cold.
Aggravated - I'm the thorn in your side.

Something is pulling me down.
Too late to repent.

Victimized.
A trail of crimson from your eyes.
Eternal scourge.
I crucify your hope.
Victim iced.
A trail of crimson from your eyes.
A simple murder won't satisfy my taste for death.

Surge of hatred. You drown in the darkness of my eyes.
Razor-sharp desire cutting deep.
The excitement shivers down my spine.
