Answer the telephone, hang up when it's me
Baby, you ain't got no right to do, do what you're doin'
to me
Give me heartache, you know you give me such pain
Never been a yellow streak running through your veins

Keep walkin' away
You keep walkin' away

Early in the morning or late at night
I look for ya, baby, but you're way out of sight
You never keep your promises, you go back on your
word
Well, you call this a love affair, I call it absurd

Who are you fooling? This time you're gonna pay
Walkin' away
You keep walkin' away
What ya do now? You keep walkin' away
You keep walkin' away

I looked through your diary, I came across my name
There was a line put through it, tell me who's to blame?
I gave you all my money, I gave you my car
You don't put back nothin', who the hell do you think
you are?

Who are you fooling? And this time you're gonna pay
Walkin' away
You keep walkin' away
What ya do now? You keep walkin' away
You keep walkin' away, come on, boy

You keep walkin' away
You keep walkin' away
You keep walkin' away
Walkin' away, walkin' away

Walkin' away, walkin' away, walkin' away
Walkin' away
