What the fuck is wrong with you?

Why'd ya do the shit ya did?

Hey, Maybe I should sue??

Yea, im still a fucked up kid.

Days pass and pass,

And I miss your ass

So much, so much...

Does this sound like it'll be once again "too much?"

Well here I am,

Wishing and hoping,

smoking and dope-ing.

Well here I am...

Do you even miss me?

I miss me...

I miss the way your voice,

Always left me no choice,

But to fall into you.
