I put my back into it  
I put a hole right through it  
Don't ever leave me  
(Don't ever leave, baby)

I work the land all day and  
I gave you all my pay, but  
It's not enough girl  
(Never enough, girl)

I don't need a love like that  
(He don't want a love like that)  
I don't need a love like that  
(He don't want a love)

You took me to great lengths  
All that I can do is summon up the strength to  
Get a reaction  
(Why you never love this man?)

How do you sit so still?  
Don't you recognise that you haunt me still?  
But bitch, I'm too lazy  
(So, so lazy)

I don't need a love like that  
(He don't want a love like that)  
I don't need a love like that  
(He don't want a love like that)  
I don't need a love like that  
(He don't want a love like that)  
Who needs a love like that?  
(Who will need a love like that?)
