Step back  
We all need a little bit of space  
And really can you trust that and leave it up to me and  
any other way  
Oh, we felt a tale and now we'll watch the sunrise  
If it's right this control is golden like the sunlight  
Make your move

She fell from the 31st floor and wanting more, oh no  
one saw her move  
Isn't that a great surprise? And doesn't that make you  
You know you're just so sure of wanting more, but  
nobody has a clue  
You party with a secret smile, doesn't that give you  
This taste is bitter except when you finish, all done and  
lying in bed  
This isn't too selfish, right?

This isn't right

Step back  
We all need a little bit of space  
And really can you trust that and leave it up to me  
and any other, and any other way

She fell from the 31st floor and wanting more, oh no  
one saw her move  
Isn't that a great surprise? And doesn't that make you  
You know you're just so sure of wanting more, but  
nobody has a clue  
You party with a secret smile, doesn't that give you  
This taste is bitter except when you finish, all done and  
lying in bed  
This isn't too selfish, right?

Make your move  
Make your move  
Make your move, whoa  
Make your move

She fell from the 31st floor and wanting more, oh no

one saw her move  
Isn't that a great surprise? And doesn't that make you  
You know you're just so sure of wanting more, but  
nobody has a clue  
You party with a secret smile, doesn't that give you  
This taste is bitter except when you finish, all done and
