Cruel intentions dating back some time.  
It's better just to wait, let's cut this tension with  
a knife. Rewind and listen to her say,  
I never wanted it to end this way.  
And be tired of waking up with the  
hope  
that you'll be next to me,  
convinced that's all I need.  
Even though my dreams seem far away, there's a  
memory that still remains:

A midnight sky, your eyes as wide,  
it's paradise and daylight brings a smile,  
a smile that could chase away the night.  
Remember back when everything was new,  
staring at the stars up in the sky.  
Wish this could last forever.  
(your eyes) You promised me that you wouldn't go, and  
we'd last forever.

A midnight sky, your eyes as wide,  
it's paradise and daylight brings a smile,  
a smile that could chase away the night.  
Remember back when everything was new,  
staring at the stars up in the sky. Wish this could last  
forever.

So where are we now? This piece of papers getting  
torn,  
and a shadow of the doubt is getting larger and is  
building like a storm. Remember when you promised  
me?  
Don't break my heart, don't say another word.
