She writes in a letter, she said it's on
I won't forget you and California
It's nights like this love, some of us are young
We get through together, we catch every fall
I don't think ever that time is enough
And time is not enough

With a whisper I lie
With a whisper I lie
With a whisper I lie
With a whisper I lie

That's me in love
That's me on the radio
You're the sky at night
Hello

Not a day goes by then another day goes by
I want to get you all, all

With a whisper I lie
With a whisper I lie
With a whisper I lie
With a whisper I lie

That's me in love
That's me on radio
You're the sky at night
Hello

That's me in love
That's me on the radio
You're the sky at night
Hello

That's me in love
That's me on the radio
You're the sky at night
Hello

That's me in love (that's me in love)

That's me on the radio (that's me on radio)
You're the sky at night (you're the sky at night)
Hello (hello)
