[Jehovah's Boy - Intro]

Yeah, WHOO! (hahaha)

Rizin Sons (yep)

God I thank You for another one (Yes, sir!)

You know You a beast, right?

Look, God can use you in any way shape or form

if you just let Him come in, man

That's right! But you cain't be in self; you gotta know  
this too, listen...

Look...

It's not about you, it's about what

the Father, the Spirit, and the Son do

Trinity - the only triangle office I run thru

Game on the line and I know who to go to

and game is life, give it to Christ!

We need to think twice about decisions that we come to

When you club and party or let the Lord use you

(c'mon!)

And youth, we need to get our lifestyles up

Don't worry about go picking them Lifestyles up, feel  
me?

Think about it as a turnpaper

You gotta have communication, structure, foundation

You want God to speak? Then His voice is the period

Don't run on with yo sentence 'cause then you won't  
hear Him [You ain't gon' hear Him!]

Listen, God'll be your exclamation point, make your  
statement stronger

'cause you don't want the devil's comma (nope!)

No more drama, He'll give you the words to say

When they ask you for your sources, you tell 'em

"Yahweh" and..

[Chorus 2X]

Just roll wit Him, worship Him and stroll wit Him

Whether you in jeans, Forces, or Dirty Denim

Give up the life of sinnin and live the life of winnin

in everything you do, Let The Lord Use You

Now it doesn't mater the time, temperature, or the

place  
As long as you believe and step out on faith  
With God, no discrimination - doesn't matter you black,  
white  
Dominican Republican or Haitian  
God'll use you in any way, no matter your destination  
Even when this altercations are hatin (WOO!)  
He's the reason we have a source of communication  
Gave His son to die wit no hesitation!  
And Jesus came, turned water to wine  
Just one TOUCH from His hand, everything is fine (I  
thank You, Lord)  
Use David in the fight people thought wouldn't last  
So with God on your side, there's nothing you can't  
surpass  
HE'S - pure and holy, tried and true  
In Chapter 14:26 of Matthew [What'd it say?]  
TWO fish, FIVE loaves, fed a multitude  
If He can do it for them, then He can do it for you

[Chorus 2X]

Just roll wit Him, worship Him and stroll wit Him  
Whether you in jeans, Forces, or Dirty Denim  
Give up the life of sinnin and live the life of winnin  
in everything you do, Let The Lord Use You

Truth be told, workin for God is not simple  
But think about the pain and the bloodshed that He  
went through [Thank You, God]  
to save each of us in this world we call sinful  
So we need to be strong and hold up GOD'S temple  
Like Tim Duncan - keep it strictly fundamental  
Stay in your Word and encourage the people with your  
mentals (yep!)  
'Cause souls can be saved just by hearin what you been  
through!  
God givin you life is not meant to be accidental  
Things that go on in the world, very incidental (yeah)  
Temptation hits, harder than punches right to the  
temple  
Your soul gives way just like cavities do to dental  
That's why we need Christ just like lead needs a pencil  
We are peculiar people that can be difficult  
Decisions that need to be made never simple  
We were spiritually elected, like the presidential  
(c'mon!)  
So while you're here on earth, think of where you tryna  
make it to

[Chorus 2X]

Just roll wit Him, worship Him and stroll wit Him

Whether you in jeans, Forces, or Dirty Denim  
Give up the life of sinnin and live the life of winnin  
in everything you do, Let The Lord Use You

Holla! (WOO!)  
Yeah, hahahaha!  
Here we go! We got a nice one here, haha!  
Rizin Sons, let's GO! (C'mon!)  
Just let Him use you man (C'mon!)  
Just let the Lord use you, yep!
