Would you leave if I cry,
I am sorry I told you a lie
For if you ever leave me,
I will feel left alone to die

Broken heart,
Now you've gone and you've broken my heart
Broken heart,
In so many parts, oh my love

For you know that I care
And I need your lovin' so
For you know that I love you
And I'll never let you go

Broken heart,
Now you've gone and you've broken my heart
Broken heart,
In so many parts, oh my love

Broken heart,
Now I'm gone and I've broken your heart
Broken heart,
On so many parts, oh my love
Oh my love
