The crowd is calling out
The diva gotta sing
Can't wait to get my heels off
Cast away this ring
While I'm all alone
I'll have you know
We're all through,
You're never here and so I'll go

So I'm on my way
I'm goin' to Milano
Get a Giovanni and some sweet Italian love

Well the sun came up
It was a sleepless night
I even took the day off
But it won't go right
Nothing's getting done
The workers didn't show
They're just like you,
You're never here and so I'll go

So I'm on my way
I'm goin' to Milano
Get a Giovanni and some sweet Italian love

So I'm on my way
I'm goin' to Milano
Get a Giovanni and some sweet Italian love

So I'm on my way
I'm goin' to Milano
Get a Giovanni and some sweet Italian love
