Touch me baby, ooh ooh
Touch me baby, ooh ooh
Touch me baby, ooh ooh
Ooh-ooh, ooh-ooh

When I'm feeling lonely
And things go wrong
Then every thing's made right
When you touch me
When I'm all down hearted
Feel I'm alone
I know I have someone
When you touch me
Your head on my shoulder
Your warm lips on my ear
And just a touch of your fingertips
All the shadows disappear

If my eyes are clouded
Sad tears wanna fall
That's when I'm made happy
When you touch me

Touch me baby, ooh ooh
Touch me baby, ooh ooh
Touch me baby, ooh ooh
Ooh-ooh, ooh-ooh

When I'm tired and weary
From toiling all day long
All of these things leave me
As you touch me
If I think of roaming
Leaving you behind
And then I feel at home
When you touch me
With eyes upon me
And your arm brushes mine
In every way that you get me
Sends chills up my spine

All my eyes are clouded
Sad tears wanna fall
That's when I'm made happy
When you touch me

Touch me baby, ooh ooh
Touch me baby, ooh ooh
Touch me baby, ooh ooh
Ooh-ooh, ooh-ooh
