It's been too long things went wrong
In this model life of ours
And you don't have no taste to tell what's sour

You got a brand new Mac accounts on track
Your Prius oh so green
While I feel lost and I feel cold and mean

So it's go, go, get out of my life
I'll be no more trouble and strife
I'm leaving
I'm leaving you for good

Sure I was young, cheap and chav
And I did things I shouldn't have
Til Mr. Right came walking down the isle

You took me out, you took me in
Made me safe and void within
So where's my love and laughter and my sin

So it's go, go, get out of my life
I'll be no more trouble and strife
I'm leaving
I'm leaving you for good

Go, go, get out of my life
I'll be no more trouble and strife
I'm leaving
I'm leaving for good

All is safe and all is good
But lately I've had dreams of blood
You had me where you want me so you thought

The road ahead is paved with gold
Behind me all is dead and cold
My home is burning, I'm forever free

So it's go, go, get out of my life
I'll be no more trouble and strife

I'm leaving
I'm leaving for good

So it's go, go, get out of my life
I'll be no more trouble and strife
I'm leaving
I'm leaving for good

So it's go, go, get out of my life
I'll be no more trouble and strife
I'm leaving, I'm leaving
I'm leaving, I'm leaving
I'm leaving, I'm leaving for good
