You hit the dance floor, you make me wish
Show me you're sexy and you blow me a kiss
Your body's perfect those jeans are tight
I get to see you every Saturday night

You're the one I see every Saturday night, woah
In the VIP every Saturday night, woah
I can smell your cologne from across the bar
Are you sure you're not a superstar
Give me a kiss kiss...

Your skin is glowing with beads of sweat
Teach me your dance moves make me your pet
You got your glasses on club lights are so bright
Like Hollywood on a Saturday night

You're the one I see every Saturday night, woah
In the VIP every Saturday night, woah
I can smell your cologne from across the bar
Are you sure you're not a superstar
Give me a kiss kiss...

This is for the hot boys all around the world
All around the world all around the world
You know they got hot boys all around the world
All around the world all around the world
Every weekend at the same club
Looking like a star with your fist pumped up
GQ pretty boy my little kiddie toy
You so bad, I'ma call you Diddy boy

My heart is melting no no, don't stop dancing
I'm going sassy, things getting drastic
It's getting hot in here you so fly rocketeer
I get to see you every Saturday night

You're the one I see every Saturday night, woah
In the VIP every Saturday night, woah
I can smell your cologne from across the bar
Are you sure you're not a superstar
Give me a kiss kiss...
