Baby  
Listen to me

Just minding my own business in a club  
Cap tilted real low  
Being incognito  
And lo and behold  
I can't believe that  
In my eyeline  
I know it's not my sister's man

Laughing and drinking  
Women hanging off him  
In a haze of smoke  
But it's him I'm sure  
Boy I know you're trippin  
Her face is on your lips and now I'm 'bout to storm

Little boy blue  
U know u really oughta treat that woman better than u  
do  
Say she's the only sister I got, so I'm warning you  
Shouldn't mess around, I'll break your heart  
Ima bring it to you  
I will bring it to you  
Ima bring it to you  
I will bring it to you

Now I suggest you take this to the corner  
Boy unless you wanna get embarrassed in front of your  
friends  
I'm confused before I left out  
Could swear I spoke to you in my sister's house  
Now tell me why you doin' thing like that when  
She's waiting alone for you to come home  
Now listen to me, don't get it twisted  
Or you will have me all up in your business

Little boy blue  
U know u really oughta treat that woman better than u  
do

Say she's the only sister I got, so i'm warning you  
Shouldn't mess around, I'll break your heart  
Ima bring it to youz  
I will bring it to you  
Ima bring it to you  
I will bring it to you

Little boy blue  
U know u really oughta treat that woman better than u  
do  
Say she's the only sister I got, so i'm warning you  
Shouldn't mess around, I'll break your heart  
Ima bring it to you  
I will bring it to you  
Ima bring it to you  
I will bring it to you

I suggest you take time, think 'bout what you gonna do  
I refuse to stand by, watch you play her for a fool  
And I suggest you take time, think bout what you gonna  
say  
To convince me why I shouldn't tell her walkaway

Little boy blue  
U know u really oughta treat that woman better than u  
do  
Say she's the only sister I got, so i'm warning you  
Shouldn't mess around, I'll break your heart  
Ima bring it to you  
I will bring it to you  
Ima bring it to you  
I will bring it to you
