Chorus:

That's what you get for lovin' me
That's what you get for lovin' me
Everything we had is gone
If you can see, that's what you get for lovin' me

Verse 1:

Don't you shed a tear for me
I ain't the love you thought I'd be
I have a hundred just like you
But don't be blue, I'll have a thousand before I'm
through

Chorus.

Verse 2:

There you go you're pride again
You should have known how things would end
But someday when your poor heart
Is on the men, I've just my passes way again

Chorus

That's what you get for lovin' me
That's what you get for lovin' me
Everything we had is gone
If you can see, that's what you get for lovin' me
That's what you get for lovin' me
