Chorus

(W. Jennings, W. Nelson):

Take back the weed, take back the cocaine baby
Take back the pills, take back the whiskey too
I don't need them now, your love was all I was after
I'll make it now, I can get off on you

Verse 1

(W. Nelson):

I can get by on little or nothing at all, I know
I can get high just thinking about you, and so

Chorus.

Verse 2

(W. Jennings):

Who would have thought this was something that I'd
ever do
I'm working it out, mellowing out on you Chorus (x2).
