Verse 1:

When I left Tulsa, Jamie was an innocent young lady  
God only knows why she gave herself to a guy like you  
She called me crying, said she was going to have your  
baby  
But you just turned your back on her like all cowards do

Verse 2:

I swore I'd get you for what you're putting her through  
And the only reason I ain't got you  
Is Jamie cried and begged me not to  
She still loves you for some reason

Chorus:

Don't let the sun set on you in Tulsa  
Don't let the sun set on you in Tulsa  
If the sun goes down on you  
If you're still here you're going down to  
Don't let the sun set on you in Tulsa

Verse 3:

Jamie's the only thing I ever really cared for  
She don't deserve this kind of shame  
She's carrying a child that you're to blame for  
You just laughed and said there ain't no way he's  
gonna get your name

Verse 4:

I swore I'd get you for what you're putting her through  
And the only reason I ain't got you  
Is Jamie cried and begged me not to  
But I ain't through with you yet

Chorus:

Don't let the sun set on you in Tulsa  
Don't let the sun set on you in Tulsa  
Better not let the sun set on you in Tulsa
